Pet's Name: _____
FIRST AND LAST NAME

Arrival Date: _____ Departure Date: _____

All medications must be brought to boarding in original prescription packaging supplied by your pet's veterinarian.
 Feline = additional \$14/day Canine = additional \$18/day

INSULIN INSTRUCTIONS		
	a.m.	p.m.
Time insulin given:		
Number of units:		
Date/Time last given:		

FEEDING INSTRUCTIONS		
	a.m.	p.m.
Time your pet is fed:		
Amount of food given:		
Date/Time last fed:		

WE REQUIRE YOU TO BRING YOUR PET'S OWN BOTTLE OF INSULIN, INSULIN SYRINGES, AND REGULAR FOOD WITH ENOUGH FOR THE ENTIRE STAY. All canine diabetic boarders receive a minimum of 4 walks per day during their stay.

Diabetic Boarding Authorization for Treatment: I understand that diabetes is a complicated disorder requiring a delicate balancing of food intake, amount of exercise, insulin given and other factors. Because of this, a diabetic animal may require urine and/or blood testing while boarding. I authorize the staff at Animal Hospital of Pittsford to perform tests if necessary for my pet's well being.
